

RICE REPORT #7

Name: Aryan Raval

Participants: Aryan Raval, Hasham Warrich, and Joseph Verkerke

Setting: We met online through Zoom at 6:30 p.m. on Tuesday, April 04.

Contributions:

We discuss Ensembles Assignment collaboratively and thoroughly.

Aryan Raval (myself): I specifically discuss the model I employed and its accuracy. I talk about how I applied classification on the Breast Cancer dataset.

Hasham Warrich: They discussed how they used classification on a dataset of bank notes to predict if a note was real or fake.

Joseph Verkerke: They discussed how they used classification on gender, height, and weight related datasets, as well as the accuracy of their model on it.
