RICE REPORT #9

Name: Aryan Raval

Participants: Aryan Raval, Michelle Contreras Catalan, and Oren Tirschwell.

Setting: We met online through Zoom at 6:50 p.m. on Monday, April 17.

Contributions:

We discuss Project Plan Assignments collaboratively and thoroughly.

Aryan Raval (myself): I haven't decided on my final project then, but I shared my interest in developing a machine learning model to predict equipment failure using sensor data. I discuss the potential applications in manufacturing, transportation, and energy.
Michelle Contreras Catalan: They talked about an application project that will utilize NLP techniques in the upcoming semester's classes at Amherst College and potential challenges they may encounter during the project's development.
Oren Tirschwell: They discuss their plans to work on the Advancement project, which focuses on improving classification efficiency and enhancing clustering analysis. They also provided constructive feedback.
